# cAMPers on the RUN

Leading the Way Into Adventure

**Challenge**  
Camper Trailers Pty Ltd

ESTABLISHED SINCE  
2004  
MVDL 17557

All the Off Road campers are designed to take you to those special holiday destinations, whether they are by the beach or into the harsh interior of Australia. The campers are fitted with strong and durable suspension and have a heavy duty sub frame to minimise the possibility of a break down along the way. Check out the trailer and tent features.

## Trailer Features

- Chequer plate floor
- Quality stylish guards to suit 14-16" wheels
- Heavy Duty RHS Chassis & long drawbar
- Side steps
- Heavy Duty 45mm square axle
- Swivel Jockey Wheel
- 60mm wide eye-to-eye 7 leaf springs rebound type
- 6 Stud Hubs
- Trailer 7' X 4' X 20" deep
- Polyblock Trailer Coupling
- All metal primed with two coats
- Ployblock Vehicle Coupling
- Paint hardener additive
- Compression Camlock on Rear swing gate
- 3 Jerry can Holders
- 15" X 7" Sunraysia Rims & New Tyres
- Stabiliser legs (spring loaded/zinc plated)
- Weight: Camper Trailer from 690Kg
- Front mounted spare wheel
- Trailer fully lockable
- Full LED trailer lights & 7 pin round plug
- Gas strutted lifting bed base
- Deluxe Kitchen (2 burner stove with grille) mounted to rear tailgate & plumbed to gas bottle
- 7 colours to choose from (Colour matching available at additional cost)

## Tent Features

- Comes in 3 sizes and 7 canvas colours
- Choice of 7' or 8' wide awning
- Standard tent size - 10' tent off the side
- Meridian - 12' tent size
- Queen sized innerspring mattress
- "Wax Converters" Dynaproofed canvas (11oz Walls / 15oz Roof)
- Step access to bed - no ladder required
- Steel framework with reinforced pockets & retainers - self supporting when opened
- Cross flow ventilation via 4 windows & 2 doors with zippered 'Tentex' screens
- Reinforced 100mm (4") high PVC welded floor
- Tent can be made 'Off the Back'

### Outback Deluxe Family

The alternative to wider is longer. This camper comes with a 14'6" tent to enable stretchers for the rest of the family to be placed lengthwise in the bed area and still not block off the door entry. And of course the awning is also extended to accommodate the whole family around the table.

### Outback Deluxe

This is our most popular camper trailer. As a 10' tent incorporating all the above features this camper trailer easily accommodates up to 5 people. With the gas strutted lifting bed base you are able to fit in all the extras for a really enjoyable holiday. Go to the picture gallery to view how easy it is to pack and unpack.

### Meridian

The Off-Road 'Meridian' camper trailer is a top-of-the-range, fully-optimised package, including a 12' (3.7m) tent as standard (larger available) with a mesh enclosed awning. The Hi-Tech Electrical Lighting package combined with the dual water tanks, 2 gas bottles and facilities for 6 jerry cans means that you can go bush for extended periods in complete comfort.

### Outback Deluxe 'Walk In'

Originally designed for people with sore backs & knees this camper has rapidly been appreciated by families. The additional 1/2Mtr storage space at the end of the bed provides easy access to large items e.g. porta-cot, stretchers, chairs etc. and you can even have access to a fridge/freezer via the additional access door. No more rolling over your partner to get in or out of bed!

### Meridian 'Walk In'

Combine the features of the Outback Deluxe 'Walk In' outlined above with the additional space of a 12' tent and all the features of the Meridian. The lifting bed base provides easy access for loading and un-loading bulky items. You have a luxury castle that you can take anywhere. This is the ultimate in camping!

## ON ROAD AND LIGHT OFF ROAD

### Highway Deluxe

The Highway Deluxe has the comfort level and quality of its big brother the Off Road 'Outback Deluxe' camper trailer but with a few alterations to ensure the camper is at the correct towing height so that it can fit behind most conventional vehicles or a SUV (Sports Utility Vehicle). It has a heavy duty 40mm square axle/45mm wide eye-to-eye 6 leaf springs, rebound type, with 5 studs to the hubs. This all Australian made camper trailer, incorporating Australian canvas, cannot be surpassed.

### Coastal Drifter

The Coastal Drifter is specifically designed to go behind conventional vehicles and SUV's. It is robust, designed for On and Off Road use, has the comforts of home, is simple to use and remains affordable. The tent design (available in 3 sizes) is similar to other Challenge models and incorporates the fully sealed well floor with a high quality 13oz rip stop canvas produced for the American market. It has a battery pack for the lighting and an entry level kitchen on the rear tailgate. It is a cut above the rest and fills the gap between the On Road and Heavy Duty Off Road camper trailers. This camper is exclusive to Campers on the RUN!
